$$324_8 = 3 \times 8^2 + 2 \times 8^1 + 4 \times 8^0 = 192 + 16 + 4 = 212_{10}$$

$$212 = 16 \cdot 13 + 4 \Rightarrow 212_{10} = 04_{16}$$

$$13 = 16 \cdot 0 + 13$$
